

Pukeko Team. Term 3.

Welcome back to Term Three. We hope the weather will not be too wet this term. For fitness we are learning and practising skipping skills with long and short ropes.

Our topic studies are centred around "Global Discovery " and each class will study the legends, fables and lifestyles of different countries and compare the different beliefs of the cultures of those countries.

Room 6 -Greece Room 7- New Zealand Room 8- Egypt Room 9- Australia. If you have any interesting resources that we could use please see the class teachers.

On Thursday we are having a Child Safety presentation from the Animal Control Education Team. This is a free dog safety presentation to help children to keep safe around all dogs. This will be at 10.00 am. Whole School Assembly is on Thursday as well. (12.00pm)

Sandra McHugh would be glad of some help with making or painting garden edges in our school gardens-please see her in R9 if you can give any time to this.

We are always glad of interesting cardboard , paper, stickers, foil and other useful art supplies for the children to use in developmental and construction.

If there are any parents who could make some new lycra Kapahaka tops, please see one of the teachers. Sandra would cut them out and show you what to do. We hope to distribute uniforms early this term.

Thank you parents for your continued support,
Pukeko Team Teachers.

Lorraine, Sandra, Sartia and Kirsty.
